

R PermutedLinearStatistic

```
graph LR; A[R PermutedLinearStatistic] --> B[C PermutedLinearStatistic]; A --> C[ncol]; A --> D[nrow];
```

The diagram illustrates the relationships between the R PermutedLinearStatistic object and its associated C PermutedLinearStatistic object and dimensions. The R PermutedLinearStatistic object is shown on the left, with three arrows pointing to the C PermutedLinearStatistic object, the ncol variable, and the nrow variable on the right.

C PermutedLinearStatistic
